

Students involved in environmental education consistently score higher on standardized tests than students without environmental education.

-Washington State EE Report Card

Get your students involved in environmental education!

## Teachers K-8

Learn how to incorporate environmental education into your existing Science, Language Arts and Social Studies curriculums. Project WET is a nationally recognized environmental education program that has reached millions of educators!

April 17, 2012

5:00 p.m.—8:30 p.m.

McNary Wildlife Refuge

Burbank, WA

Cost: \$10.00

Participants will receive the Project WET curriculum guide filled with hundreds of great lessons. Teachers will gain valuable insight into Washington State requirements to teach environmental education and learn first hand the value of natural resource conservation education in the classroom. Workshop is geared toward K-8 teachers. 3 FREE clock hours are also available.
